**PS From the 943-mile Scout Recon Run, it seems much more time needs to be allocated in swinging by National Parks sites, especially to maintain the mantra of "Fun, Travel & EVentures" as well as to take in the NPS sites as well. Do visit <[www.Facebook.com/PluginAAA/](http://www.Facebook.com/PluginAAA/)> as I endeavor to share the four days on the road to NPS sites--Tumacacori NHP, Coronado National Memorial, Chiricahua National Monument, Ft Bowie National Historic Site, Tonto National Memorial, and Casa Grande Ruins National Monument.**
